Investing in your Son/ Daughter's Future

Research has consistently shown that parents and carers are **the** most influential factor in students' decisions about the future. Your support and encouragement influences their choices, and the guidance you provide will be invaluable to their eventual achievements and career pathways. This

might feel a little daunting...the jobs of the future may be very different from your own experiences and choices. In fact, they may not even have been invented yet!

There are some very simple and practical steps you can take to support your child.

- Talk to them about their current educational attainment and estimated grades and encourage them to aim high (the skills shortages of the future will be in higher level jobs)
- Discuss where they want to be and research how to get there (lots of great resources in the School and on the internet)
- Use the links on the school website ingelbymanorschool.org.uk
- Encourage them to seek out the advice and experiences they need to help them achieve their goals
- Help them with the steps they need to take

Together with a range of career professionals, businesses and training providers we will support your son's/daughter's career development in a number of ways including:

- Information and discussion in lessons and assemblies to help them make decisions about your future
- Activities and events such as employability days
- Access to careers advisers in a variety of ways including individual meetings, drop in sessions, enrichment activities, parents and option evenings and on results days
- Careers information and computer-based careers programmes
