

Pupil Premium Strategy
2019-20

Ingleby Manor Free School

The context of the Academy

Ingleby Manor Free School & Sixth Form draws directly from the local community with the majority of pupils living within walking distance. The vast majority of its intake comes from its six main feeder primary schools. The school has grown year on year from opening in 2014 and now has all year groups on roll from Year 7 to Year 11, with our first cohort sitting their GCSEs in the summer of 2019.

The school is part of Delta Academies Trust. There are 613 pupils on roll. 20.33% of pupils are eligible for disadvantaged funding, 8.51% have SEND. There have been a number of recent changes implemented in leadership, curriculum, behaviour, Teaching & Learning and English that are having a positive impact and are well supported by the trust (Delta).

In May 2017, the school received an OFSTED Section 5 Inspection and was graded as 'good' in all categories.

There has also been a change of leadership in the trust at CEO level and this has resulted in a positive change of culture across the organisation. The trust is now known as Delta Academies Trust. The trust provides effective challenge and support to the school. This is co-ordinated by a Director of Education and Executive Principal working directly with the school on improvement priorities on a regular basis.

The school is smaller than average. The proportion of pupils eligible for free school meals is above the national average at 8% - FSM and 13% - FSM 6. Pupils within the school are mainly White British with the numbers of pupils who speak English as an additional language, this is below the national average but increasing at 1.02%. The school's admissions policy includes a specific criteria for 10% pupil premium as part of its admission criteria.

Our primary focus has been on improving behaviour, developing leadership and securing success through improved quality first wave 1 teaching. The appointment of our Principal at Easter 2018, followed by the appointment of three Associate Assistant Principals (AAPs) from September 2018, has brought capacity and strength to the School's Leadership Team. Alongside the SLT and the MLT there is strong weekly support from Delta Core Subject Directors, driving forward high standards of success for all year groups, with special focus on the Year 11 students. There are a considerably higher number of pupils with Special Educational Needs and Disabilities (SEND) at Ingleby Manor, than in most other local mainstream secondary schools. We currently have 26 students with Education Health Care Plans (EHCPs) at Ingleby Manor, which is 4.2% of our school cohort, (the national average is 1.9%). 15% of the school is on the SEND register. Ingleby Manor has a dedicated SEND area called the Bridge, which runs a full timetable of social, emotional and academic interventions and contributes to a robust pastoral support package.

Under the leadership of the SLT, the school has shown that we have the capacity to bring about significant and sustained positive change. In September 2019 we expanded the capacity through the appointments of a new Assistant Principal, two Associate Assistant Principals, plus three aspiring leaders.

Together with the extended capacity at SLT the Principal is now established as are the time changes to the school day along with the curriculum that is now fully embedded.

Attainment 8 score average	4.3	5.1

3. Barriers to future attainment (for pupils eligible for PP)	
In-school barriers (<i>issues to be addressed in school, such as poor literacy skills</i>)	
A.	Historically, literacy skills entering Y7 are lower on average for pupils eligible for PP than other groups, which prevents them from making good progress in Year 7.
B.	Pupils who are eligible for PP in current tracking on average are making less progress than other groups in English and Mathematics at KS4.
C.	Pupils who are eligible for PP in current tracking on average are making less progress than other groups in basket 3 qualifications
D.	Low aspiration, poor resilience and limited desire for learning is having a detrimental effect on their academic progress.
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)	
E.	Attendance rates for pupils eligible for PP are lower than other groups, this reduces teacher/pupil contact time and causes them to fall behind.

4. Desired outcomes (<i>desired outcomes and how they will be measured</i>)		Success criteria
A.	High levels of progress in literacy embedded for year 7 and year 8 pupils eligible for PP.	Pupils eligible for PP in Y7 make more progress by the end of the year than 'non-PP' pupils. Evidence through baseline assessments, in school English assessment data (twice per school year). Accelerated Reader outcomes to be introduced in 2019/20 and impact monitored throughout the year. Bridge interventions are rigorously assessed for maximum impact using a session by session RAG rating and Boxhall Profile (national online holistic assessment tool).
B.	To continue improved rates of progress at KS4 English and Mathematics for pupils eligible for PP.	Continue to close the gap between progress of pupils eligible for PP compared to non-PP pupils in English and mathematics at Key Stage 4. Evidence through regular RAG meetings attended by SLT and HoDs. DELTA Subject Directors deliver 'walk and talk' mocks to develop exam strategies
C.	Improved rates of progress at KS4 Basket 3 Qualifications	Pupils eligible for PP make as much progress as non-PP pupils in Basket 3 subjects at Key Stage 4. Evidence through regular RAG meetings. New Head of Vocational Qualifications to co-ordinate and drive forward the progress within Basket 3 qualifications.
D.	Improved aspiration, strengthened resilience and increased desire for learning are developed for individuals eligible for PP who are displaying challenging behaviours. Vulnerable pupils are supported academically, emotionally and socially.	Weekly inclusion meetings, identification through survey, behaviour data and the pastoral team as causing concern or vulnerable are able to engage more positively in learning and require reduced interventions over time, either via mentoring or behaviour management. Evidence RAG, behaviour data, inclusion log and new praise and reward scheme driven by newly appointed HoD.

E.	Increase in the attendance of pupils eligible for PP	Attendance figures show that the gap between PP pupils' attendance is closing and in line with 'non-PP'. Evidence through half termly attendance data and monitored weekly through inclusion log. Learning managers oversee attendance of their year groups through daily and weekly attendance tracking; a record of actions taken to improve attendance is logged and RAG rated against the previous year to identify for patterns and causes.
